

R E M A R K S

Reconsideration of this application, as amended, is respectfully requested.

ALLOWABLE SUBJECT MATTER

The Examiner's indication of the allowability of the subject matter of claims 2, 9, and 12 is respectfully acknowledged.

Independent claims 1, 8, and 10 have been amended to incorporate the allowable subject matter of claims 2, 9, and 12, respectively.

In addition, amended independent claims 1, 8, and 10 have been amended to clarify that the additional information has one of or both of a size and a number of a photograph. See, for example, Fig. 3 of the present application (in particular, see the "photograph number" and "photograph size" columns). And it is respectfully submitted that amended independent claims 1, 8, and 10 continue to recite allowable subject matter.

Still further, claims 1, 8, 10, and 11 have been amended to make some minor grammatical improvements and to correct some minor antecedent basis problems so as to put them in better form for issuance in a U.S. patent, and claims 2-7, 9 and 12 have been canceled, without prejudice.

No new matter has been added, and no new issues with respect to patentability have been raised.

Accordingly, it is respectfully requested that the amendments to the claims be approved and entered, and it is respectfully submitted that amended independent claims 1, 8, and 10, and claim 11 depending from amended independent claim 10, are now all in condition for immediate allowance.

Entry of this Amendment, allowance of the claims, and the passing of this application to issue are respectfully solicited.

If the Examiner has any comments, questions, objections or recommendations, the Examiner is invited to telephone the undersigned for prompt action.

Respectfully submitted,
